I understand that this is a community supported venture and that, although the farmer is committed to the best of his ability to produce high quality meat, there are risks in agriculture (mother nature's whims) that need to be shared with the whole community and substitutions of equal value or delays in availability may happen. I understand that full payment of my CSA share is due by the start date of the season. I agree to pay a \$20 late fee unless a payment plan has been previously agreed upon.
